

Doubt

In the Church of Reality, doubt is required. Doubt is the basis for the Principle of Self Scrutiny. Realists doubt everything. That's how we continually test ourselves to make sure that what we believe in is really real. Our doubt causes us to reexamine everything all the time to make sure we have it right. Doubt also gives us a deeper understanding of what we know. It helps us prune the Tree of Knowledge removing the dead parts so that the live parts grow stronger.

Interestingly enough, where doubt is required in our church, doubt is prohibited in fiction based churches. In Christianity doubt is the unforgivable sin. The one thing you are absolutely prohibited from doing in the Christian church is to think. Fortunately it is a requirement in our church.
