

Irresponsible Religion

Irresponsible Religion is the opposite of {In:Responsible Religion}. Irresponsible religions are {In:Cult} like in nature. They use dishonesty and trickery to force people to believe their {In:Bullshit}.

There are many aspects of modern day religions that are irresponsible. many of these religions support {In:Extinctionism} believing that the world is going to end and that their bad behavior doesn't have consequences. Many religions offer {In:Absolution from Sin} giving people a false sense that their karmic record has been expunged and absolving them from the responsibility from their actions. This enables criminals to continue a life of crime because they are "forgiven" and that God will make it up to their victims in the next life.

Many religion preach a doctrine of {In:Anti-Realism}, that this world is an evil world and that one should not identify as a member of this world, but rather the next world. They argue that this reality isn't worth understanding and that one should ignore this reality in favor of a fictional reality one goes to after death.
